

REMARKS/ARGUMENTS

Submitted herewith are new Powers of Attorney and a Change in Correspondence Address in this application. It is respectfully requested that the Docket Number in this application be changed to read – MESH009.

Claims 51-56 remain pending in this application. In response to the Examiner's rejection of Claims 51-56 under the judicially created doctrine of obviousness-type double patenting over claims 49-54 of United States Patent Number 6,807,165, a terminal disclaimer, in compliance with 37 CFR § 1.321(c), is filed of even date herewith to overcome the double patenting rejection. Since the above mentioned application and United States Patent Number 6,807,165 are commonly owned by the same assignee of the application, it is believed that the terminal disclaimer overcomes the double patenting rejection.

Applicant believes that with this submission subject application is now in condition for allowance and a Notice of Allowance to this effect is respectfully requested.

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicant's attorney or agent at the number indicated below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.

The Commissioner is hereby authorized to charge Deposit Account 502117, Motorola, Inc, with any fees which may be required in the prosecution of this application.

Respectfully submitted,

By:
